When you arrive for the Relaxed Session there won't be so many people. It might become very busy later on.

A small road connects Exhibition Road to Princes Gardens.

The Family Fun Zone will be in Princes Gardens.

Follow the signs to the Family Fun Zone.

When you get to the Family Fun Zone in Princes Gardens, go to the information tent.

The information tent opens at 10:45.

In the Family Fun Zone, there will be taps to fill up your water bottle. Look for a big blue sign that says “WATER.”

There are toilets in Princes Gardens. They are portaloos.

The Family Fun Zone has food stalls, but they be closed during the Relaxed Session. They will open at 12.

There is a Quiet Space that you can use.

If the Festival feels a bit much for you or a little overwhelming, you can use the Quiet Space.

It is next to the Family Fun Zone, on Watt's Way.

It is open all day, not just for the Relaxed Session.

You will find bean bags and seats inside a marquee that looks a bit like this.

There are lots of staff to help you when you visit. They might be wearing a pink jacket.
